The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom cries out dramatically, “Look behind you!” and when Aunt Polly turns, Tom escapes over the fence. In chemistry, matter is defined as anything that has rest mass and volume (it takes up space) and is
made up of particles. The particles that make up matter have rest mass as well – not all particles have rest mass, such as the photon. Matter can be a pure chemical substance or a mixture of substances. Atom
